

Congratulations to UMA Faculty of Biology Students, Winning Third Place in the National Scientific Writing Competition

Achievements were again carved by students of the Faculty of Biology, University of Medan Area at the LKTIN (National Scientific Writing Competition) BFUB (Bakti Formica for the Nation) at the XXII level of Universities throughout Indonesia, the event was held at the Indonesian University of Education (UPI), Bogor on the date September 27, 2019.

The outstanding Biology Faculty students were Muhammad Ferdiansyah Stambuk 2015 representing the Medan Area University. In the competition ferdi won 3rd place followed by 1400 student participants, while 1st place was won by the host of Universitas Pendidikan Indonesia (UPI) and 2nd place was won by PGRI Jakarta.

Previously, Ferdi also won 1st place in the 2018 Formiltan Essay Competition held by the Faculty of Agriculture, University of North Sumatra (USU).

For this achievement, the Biology Faculty congratulates and is very grateful and hopes that in the future the Biology Faculty students will get more championships from other fields.
