

Handover Permit for Opening of Doctoral Program in Agricultural Science S3 University of Medan Area

The Chancellor of Medan Area University visited the office of the Head of LLDikti Region I of North Sumatra to submit a Decree on permission to open the Doctor of Agriculture Doctoral program at Medan Area University.

Submission of the Decree for permission to open the Doctor of Agricultural Science program was witnessed directly by the Vice Chancellor for Academic Affairs Dr. Ir Siti Mardiana M.Sc and Vice Chancellor for Student Affairs Dr. Ir. Zulheri Noer MP. on Tuesday 5 November 2019 at the North Sumatra Region I LLDikti Office.

Hopefully in the submission of the Decree for permission to open the Doctor of Agriculture Doctoral Program, the Medan Area University will become a superior, personal and independent private university in accordance with the Vision of the Medan Area University, and produce innovative alumni and make a positive contribution to the community.

Congratulations to the Medan Area University, a private tertiary institution in North Sumatra who first opened the Doctor S3 program, hopefully next year's Medan Area student candidates will increase.
