

Online Discussion Of Scientific Journal Writing For University Of Medan Area Students

The Public Administration Study Program of the Faculty of Social and Political Sciences (Fisipol), University of Medan Area (UMA), held an online discussion program Journal Writing for Students. On Wednesday July 1 2020.

This activity is an effort to make students accustomed to writing scientifically, because it is proper for a scientist to develop science and technology, and disseminate it to the public.

As a scholar must have the ability to write scientifically. What he learned during college, including a thesis summary.

In the University of Medan Area University itself requires every student who will graduate, must complete at least one journal as a condition of graduation as a Bachelor.

The obligation to write a journal for Medan Area University students is one of the efforts for UMA graduates who are accustomed to making Scientific work.

This discussion presented the head of the Jurlan Scientific Center (PJI) of the University of Medan Area Agung Suharyanto, S.Sn, M.Sc,

Also present was Beby Masitho Batubara, S. Sos, MAP, vice dean of Academic Affairs, Faculty of Social and Political Sciences, Nina Angelia, S. Sos, M.Si, head of the Public Administration study program who was also the one who gave an idea for the online discussion of Student Journal Writing.

Chairperson of PJI Agung Suharyanto conveyed in detail how to write journals while providing examples of journal writing.

In addition, he also gave a journal template to students so that the writing of journals in the UMA environment could be uniform according to the provisions of scientific writing.
